Anantapuram, Andhra pradesh - 515661, India

## OBJECTIVE

Seeking a challenging position in Data analyst to leverage my expertise in Data cleaning and preparation,python sql,excel,data mining,statical analysis and critical thinking. Aiming to contribute to innovative projects at the intersection of data analyst and practical problem-solving in fields such as Data analyst.

## EXPERIENCE

### • Club Activities

Month Year - Month Year  
City, Country

- I am one the member of shield club
- Participated in technical Quiz
- participated in power point presentation

## EDUCATION

### • RGM CET

Btech

- GPA: 7.00

july 2024 - august 2027  
Nandyal, India

### • Government polytechnic college

computer science and engineering

- Grade: 83.85%

november 2023  
Dharmavaram, India

### • JVMRTD

Secondary Education

- GPA: 9.8/10

march 2021  
Narasimhapalii, India

## PROJECTS

### • Project A: [Vehicle accident detection and privention]

august 202

Tools: [Arduino Nano,sim800l gsm module,GPS neo-6m module,ADXL 335 sensor,lm2596 step Down conveter]

- vehicle accident detection and prevention involves technologies like sensors, camaras,and gps to detect collisions and hazardous driving.Advanced Drive assistance System(ADAS)help prevent accident with features like Automatic braking,lane departure warnings and blind stop detection.feature advancements include autonomous vehicle and 5g connectivity to enhance accident prevention.

## SKILLS

- **Programming Languages:** java ,pothon , Database management system,c++,Data structure algorithms
- **Web Technologies:** Html,css,javascript
- **Data Science & Machine Learning:** cleaning data, tableau, machine learning,database management system
- **Soft skills:** Problem solving,critical thinking,communication,teamwork,leardership,work ethic,Analytical thinking

## CERTIFICATIONS

- **Certifying Body:** [certificate received for participating in technical quiz](#)
- **Certifying Body:** [Certificate received for participating in ppt presentation](#)
